

Sharing our Learning

Alongside children's interests and in the moment
learning our focus for learning is...

Effective learning

Planning and making decisions about the activities that they want to do, sometimes based on their own experiences of what they enjoy. Trying different ways of doing the same activity and getting other friends involved in their play and learning.

Personal, Social & Emotional Development

Being confident to anticipate and adapt to new situations such as new schools and visitors into nursery.

Being proud of the things that we have achieved and celebrating the achievements of others

Communication and Language

Listening to and making our own sounds, songs and rhymes.

Recalling our own experiences of holidays, day trips, time with family and friends using pictures and using our words to talk about them and describe how they made us feel.

Physical Development

Exploring lots of different equipment in the nursery garden such as the balls and the stilts and learning how to be safe when using it.

Exploring different ways of moving in the nursery garden such as rolling, jumping and skipping.

Being safe in the sun by putting on hats and using sun cream to protect our skin.

Literacy

Looking at different types of books and magazines and brochures.

Making marks in role play such as writing labels, our names and recording our Tales toolkit ideas.

Mathematics

Comparing numbers to understand which that different amounts are worth more or less

Using different words to talk about time and recognising when things have happened in the past or will happen in the future.

Comparing the size of things and measuring distance and time for example measuring tapes or sand timer

Understanding the World

Talking about the places that we have been on day trips or holidays and why we did or didn't like them.

How big the world is and that some places are very different to others and looking at those differences.

Continuing to look at how the nursery garden changes through the summer months

Expressive Arts and Design

Mixing and changing colours and textures to make our pictures look how we want them to.

Choosing and singing favourite songs and moving rhythmically to the songs and music that we hear.

Special Learning

- Learning about how to keep **safe in the sun** as the weather gets hotter!
- Learning about healthy choices with food as we take part in **Healthy Living Week** and keeping our teeth healthy to give us a great smile
 - Continuing to learn about our **RIGHTS** as a child and being **RESPECTFUL** to our friends, grown-ups, the nursery and the environment.
- Talking about our **right** to clean water, what we use water for, how to make sure we are **safe** around water and how to make sure we don't waste the water that we have.
 - Enjoying all the things you can do with mud on **International Mud Day** as part of our **ECO** learning.

Some songs
